

2025 NAPLAN RESULTS

Congratulations!

Congratulations to our entire school community for achieving such incredible results in the 2025 NAPLAN testing!

In every comparison to State and National averages we were above and in some cases, above by quite some margin.

What makes these results even more special is that we have a policy not to teach the test, so these results are a true reflection of the quality teaching and learning programs that we have here at St. Andrew's Grammar.

These results are nothing short of amazing! Our wonderful staff and students should be very proud of what has been achieved here. Well done everyone!
